

ORS TAC MINUTES

Department of Public Safety
1970 W. Broad St.
Columbus, OH 43223

Date: 11-4-2011

File Number:

TAC: K-9

Approved:

From: Pam Gibson

ORS

Attendees: See attached sign in sheet.

- I. **Summary:** Deana Hudgins chaired this meeting. The EMA website has been updated to include the application, training and requirements. There will be a link created on the Miami County website which will direct future applicants to Ohio EMA website in retrieving the necessary documents to be completed. Typing of applications (i.e. land, water, trailing and etc.) will be on hold since it is not necessary information for the Dispatchers, it maybe be required in the future from the Federal level.
The ID cards being sent out is still an issue.
The suggestion was made to have each ID card renewed annually given that one person could have multiple expiration dates which would become very confusing for all involved.
- II. **Action Items:**
Pam Gibson will retrieve the applications that have been submitted to Miami County SO's office on Nov. 16, 2010. She will scan them in and email them to Deana, Sandy and Jim for their review.
Contact will be made to those applicants by Sandy and/or Deana.
Ken Folsum will be checking with his county concerning ID cards.
Review any applications that have been submitted.
- III. **Next Meeting:** is scheduled for Jan. 24, 2011, from 10-noon. The room I hope to have is Rm 124, but I cannot confirm that until next week.

Respectfully,
Pam Gibson
