Bernie or Hillary?

Be informed. Compare them on issues that matter.

Issue: Afroduck's death

RIP never forget <3 such a vital figure for OSU campus

It is immature to take something like this so seriously. There are bigger issues to worry about.

Afroduck 2.0 conspiracy theory: Ohio State's Agricultural department has a secret breeding facility for Afroducks. Every couple of years the Afroduck of Mirror Lake dies and they get rid of the body before the students notice. They then place the new Afroduck in the lake and pretend like nothing happened. But this time they were not fast enough. The students found the original Afroduck dead in the lake about a month ago and have discovered a new Afroduck in the lake today. Step up your game Ohio State, we are catching on.

Hundreds turn out at Mirror Lake honoring Afroduck. They sang songs and brought candles and flowers.

Last night I sang Good Riddance by Green Day at karaoke in honor of #afroduck and a girl in the front actually cried and it was weird.
