Welcome to SavingMinutes!

SavingMinutes is your local government's way of making sure they have as much information as possible when responding to an emergency situation at your home or property. The information you provide will be used by emergency personnel to provide the very best services ... When Minutes Matter.

Some of the questions ask for information that you may consider private or personal. All of the information is related to reducing the response time and improving the response of emergency personnel that may be called to your home. If you are uncomfortable answering a specific question, just leave it unanswered.

First Time Citizens, enter your address below to start the registration process. It will only take a few minutes.

Returning Citizens, enter your address below and you will be asked for your password to continue.

Why Can't I See The Exact Address?

- ❑ It runs on your server.
- ❑ Be sure to enable Windows firewall, or whatever firewall is available on your OS of choice.
Keep up to date with patches for your OS.
Keep up to date with patches for your browser, plugins (e.g. Flash), applications.
- ❑ If you're running any internet-facing services (e.g. https) on your machine, keep those up to date & configure their security appropriately.
- ❑ Install an AV package if you're really worried. Microsoft Security Essentials (MSE) is a great choice for Windows, because it's free, non-intrusive & not much of a performance hog.
