MISSION AREA

Response

FUNCTIONAL AREAS

- Ensuring access
- Family reunification
- Feeding
- Hydration
- Pets
- Relocation assistance
- Resource distribution
- Sheltering

EXAMPLE WORDING

Buckeye County EMA coordinates with local partners to provide food, water, shelter, emergency supplies, and evacuee support (tracking and reunification of evacuees, accommodations for household pets). The operational plans of Buckeye County Mass Care partners include specific instructions to assure survivors with access or functional needs, including provision for service animals, receive support.

Buckeye County EMA coordinates with non-governmental organizations to provide temporary sheltering to survivors and reunification support for families and primary caregivers of disaster survivors.

Examples demonstrate options to consider and are provided for training purposes only. The examples are intended to demonstrate how planning teams may incorporate the key tasks found on FEMA’s Core Capability Development Sheets into planning documents (e.g. the Emergency Operations Plan, Mitigation Plan, Debris Management Plan, HazMat Plan, and so forth). The items in the Functional Areas section are FEMA-identified areas where gaps could exist for the associated core capability.

Counties should not re-design their Emergency Operations Plans around the Core Capabilities; stakeholders should integrate the capabilities within the EOP and in a format that is effective for the jurisdiction.
