NATURAL AND CULTURAL RESOURCES

Return economic and business activities (including food and agriculture) to a healthy state, and develop new business and employment opportunities that result in an economically viable community.

MISSION AREA

Recovery

FUNCTIONAL AREAS

- Damage assessment
- Environmental preservation and restoration
- Historic preservation

EXAMPLE WORDING

Buckeye County EMA maintains a list of natural and cultural resources such as parks, wetlands, historic places and archaeological sites, to record in damage assessments and guide restoration efforts.

MAY BE FOUND IN:
Recovery

BUILDING CAPABILITY

E0210: Recovery from Disaster: The Local Community Role
E0727: Executive Orders 11988 and 11990: Floodplain Management and Wetlands Protection

Ohio EMA Training Courses: https://trainingcampus.dps.ohio.gov/CourseMill/pstc/pstc.html
Additional Training Courses: https://www.firstrespondertraining.gov/frt/npccatalog

Examples demonstrate options to consider and are provided for training purposes only. The examples are intended to demonstrate how planning teams may incorporate the key tasks found on FEMA's Core Capability Development Sheets into planning documents (e.g. the Emergency Operations Plan, Mitigation Plan, Debris Management Plan, HazMat Plan, and so forth). The items in the Functional Areas section are FEMA-identified areas where gaps could exist for the associated core capability. Counties should not re-design their Emergency Operations Plans around the Core Capabilities; stakeholders should integrate the capabilities within the EOP and in a format that is effective for the jurisdiction.
