Welcome – Paul Moledor

## Grant

- Scheduled classes:
  - Class 1            Region 8- Weekend classes March 27 and 28, April 10 and 11
  - Class 2            Region 2-
  - Class 3
  - Class 4

## TCL for Water Update

- Meeting next week
- Mark Bender will get with Bob Koller and get the current list to everyone for review

## K-9 TAC

- Tommy Jacksetic and Mark Bender as the Water TAC representatives
- Paul will notify Director House

## Animal TAC

- Next meeting is October 28
- John Carney has developed a class for swiftwater technicians and will be running a pilot class at the University of Akron in early 2010. The class will be open to everyone in the state.
- Eric Reed will invite the animal TAC when the dates are set.
- Gerald Robinson spoke about a class in April at Otterbein College Center or Equine Studies in Westerville for Large Animal rescue. Dates will be April 9-10, 2010. More information as it develops.

### **Team Typing/Verification**

- Pete Grendze sent out today a new updated draft of the verification sheets.
- Review them and send concerns to Pete

### **Near drowning protocols**

- Mark Bender reported the Neil Rosman is finishing an article on the protocol for publication
- Possible venues to publish the article are the In Command- OFCA, Siren-EMS, and EMA newsletter. Any other sites?

### **Water Protocol**

- Kevin Ganger is working on new protocols for review and discussion.

### **Curriculum Update**

- Last meeting on 9-22-09 postponed
- Paul will call Eric to set up new meeting time.

### **Old Business:**

- How classes are publicized were discussed- better methods need developed
- Concept of refresher classes was discussed- Eric has some done that we can look at to utilize across the state. Possibly every three years.
- Regional Reps to water TAC was emails and not discussed
- Fred Jackson will be looking into the status of equipment purchased last year.
- Can we the water TAC coordinate training classes for possible releases in December- (Eric Reed will look into this)

### **New Business:**

- None

### **Regional reports**

- 1- No report
  - 2- Swiftwater class October 19 thru October 27  
Body recovery in downtown Elyria by Wellington divers
  - 3- No additional issues
  - 4- Currently in a Technician class that was hosted locally by Jackson Township taught by Steve Trenish
  - 5- Coming up on some county trainings in the fall
    - a. Night dive training October 21, 22, 23 at Indigo Lake
    - b. Interspiro Mask training- October 5 and 6 went very well
  - 6- Getting new dive helmets in-service
  - 7- Working on revamping the USAR team and this will have effect on the Swiftwater component for the region
  - 8- Equipment in-bound and will have to work on it when it arrives. This is to prepare for a site verification visit
- OFA- setting up trailer as needed  
ODNR- working on Instructor Manual

**Next meeting will be on November 19, 2009- Phone conference**
