

APPENDIX E: 2011 MITIGATION ACTION PLAN TABLE

Action	Goal / Objective Reference	Hazard	Lead Agency	Priority	Status	Complete
1. Build on the success of the Risk MAP Areas of Mitigation Interest (AOMI) pilot project by continuing to utilize SHARPP to map areas of mitigation interest.	Goal 1, Obj 1	Flood	Ohio EMA Mitigation Branch	C	The Ohio EMA will utilize the AOMI tool in SHARPP to capture AOMI data during upcoming Risk MAP Resilience meetings.	Ongoing
2. Conduct HAZUS Level 2 flood analyses for all Counties in Region 2 using Ohio Statewide Imagery Program data and corresponding Digital Flood Insurance Rate Map data.	Goal 1, Obj 1	Multi	Ohio EMA Mitigation Branch	C	Effort was made to work with FEMA staff at the Joint Field Office for DR-4002 to develop a methodology for completing Level 2 HAZUS runs.	5%
3. Continue to update and improve the vulnerability analysis for state-owned buildings and critical facilities.	Goal 1, Obj 1	Multi	Ohio EMA Mitigation Branch		Obtained state-owned and state-leased facility information from DAS; obtained supplemental data (HSIP Gold) from FEMA; developed vulnerability analysis methodologies for each hazard; analyzed all spatial hazards; generated maps/tables depicting results of analyses	Ongoing
4. Develop guidance on warning system (including NOAA weather radios) under the Hazard Mitigation Grant Program 5% initiative.	Goal 1, Obj 2	Flood	Ohio EMA Mitigation Branch	C	Activity will be completed prior to next plan update.	0%

Action	Goal / Objective Reference	Hazard	Lead Agency	Priority	Status	Complete
5. Reduce the number of pre-FIRM, floodprone properties each year by assisting such owners with successful funding of mitigation projects through FEMA mitigation programs.	Goal 1, Obj 3	Flood	Ohio EMA Mitigation Branch	A	Ongoing effort through the administration and implementation of FEMA HMA programs and other mitigation funding sources.	Ongoing
6. Inspect all Class I-III dams once every 5 years.	Goal 1, Obj 4	Dam Failure	ODNR-DDS	B	The Dam Safety Program has recently expanded the number of dams that will be inspected every 5 years to include Class II-III dams.	Ongoing
7. Take enforcement actions on violations of state dam/levee safety laws for severely deficient and/or structurally unsound high hazard dams.	Goal 1, Obj 4	Dam Failure	ODNR-DDS	B	Notices of Violation are issued for deficiencies identified during inspections. The Dam Safety Program provides technical assistance to remedy deficiencies.	Ongoing
8. Increase the number of Emergency Action Plans through compliance and education efforts.	Goal 1, Obj 4	Dam Failure	ODNR-DDS	B	New mitigation action.	Ongoing
9. Promote the adoption of standards beyond NFIP minimums for flood loss reduction.	Goal 2, Obj 1	Flood	ODNR-DOW, FPM	B	The majority of these initiatives include flood plain regulation, map modification & higher standards workshops.	Ongoing
10. Incorporate code and land use related provisions identified in local mitigation plans into local codes and land use plans.	Goal 2, Obj 1	Multi	County & Local Officials	B	Ongoing.	Ongoing

Action	Goal / Objective Reference	Hazard	Lead Agency	Priority	Status	Complete
11. Develop website focusing on mitigation for businesses.	Goal 2, Obj 2	Multi	Ohio EMA Mitigation Branch	C	Will be incorporated into a future update of the State Hazard Analysis, Resource and Planning Portal.	0%
12. Develop a list of potential mitigation funding sources.	Goal 2, Obj 3	Multi	Ohio EMA Mitigation Branch	B	A web-page in SHARPP provides a summary of mitigation funding sources.	100%
13. Invite at least two additional entities each year to participate on the SHMT.	Goal 3, Obj 1	Multi	SHMT	C	The Shelby County EMA Director and a representative from the Ohio Public Works Commission accepted invitations to participate on the SHMT in 2011.	100%
14. Work with USACE to develop information and policies in situations where communities desire mitigation through the USACE and FEMA.	Goal 3, Obj 2	Flood	Ohio EMA Mitigation Branch	C	Ongoing. The Silver Jackets initiative is facilitating information sharing and collaboration between the USACE and FEMA.	Ongoing
15. Continue inter-agency participation on the USACE Silver Jackets Initiative.	Goal 3, Obj 2	Flood	SHMT	C	The Ohio Silver Jackets team was recently awarded funding through the U.S. ACE to develop a flood warning system in the City of Marietta.	Ongoing
16. Provide training to local county EMA Directors and mitigation plan keepers on entering local plan data into the State Hazard Analysis, Resource, and Planning Portal (SHARPP).	Goal 3, Obj 3	Multi	Ohio EMA Mitigation Branch	C	Two training sessions were conducted in the summer of 2011. Future SHARPP training will be scheduled.	Ongoing

Action	Goal / Objective Reference	Hazard	Lead Agency	Priority	Status	Complete
17. Update Ohio's mitigation planning course offered at Ohio EMA	Goal 3, Obj 3	Multi	Ohio EMA Mitigation Branch	C	Mitigation Branch staff are reviewing the newly released local planning course (G-393) and will update Ohio's local planning course prior to the next plan update.	5%
18. Conduct training and/or post-disaster briefings for appropriate audiences on substantial damage assessments	Goal 4, Obj 1	Flood	ODNR-DOW, FPM	A	Workshops are conducted as needed or requested. Post-event briefings are ready for deployment.	100%
19. Finalize the Ohio Building Officials Association substantial damage determination process and incorporate in the State Emergency Operations Plan.	Goal 4, Obj 1	Multi	Ohio EMA	C	A draft OBOA SOP was created and is currently under review by ODNR. Substantial Damage tracking boards were created in Web EOC to provide better awareness of inspection efforts after an event.	80%
20. Develop and implement an outreach strategy targeting repetitive loss property owners on mitigation techniques and funding programs	Goal 4, Obj 2	Flood	Ohio EMA Mitigation Branch	C	Ongoing. Correspondence was sent to Repetitive Loss communities in April 2009	Ongoing
21. Reduce the number of severe repetitive loss properties by 5% each year by assisting such owners with successful funding of mitigation projects through FEMA mitigation programs	Goal 4, Obj 3	Flood	Ohio EMA Mitigation Branch	A	Over 19% of the properties proposed for acquisition under DR-4002 are on the repetitive loss or severe repetitive loss list.	Ongoing
22. Develop success stories in wind	Goal 5, Obj 1	Tornado	Ohio EMA	C	Documentation was submitted to FEMA	50%

Action	Goal / Objective Reference	Hazard	Lead Agency	Priority	Status	Complete
resistant construction codes and mitigation techniques.			Mitigation Branch		HQ for the development of a success story for the Licking County PDM safe room project.	
23. Develop information on severe winter storm / blizzard / ice mitigation techniques and identify success stories.	Goal 5, Obj 1	Winter Storm	Ohio EMA Mitigation Branch	C	Information has been developed for severe winter events.	50%
24. Participate in FEMA's Risk MAP Outreach initiatives by facilitating local discussions on hazard mitigation	Goal 5, Obj 1	Multi	Ohio EMA Mitigation Branch	C	The Mitigation Branch will continue to coordinate with ODNR and FEMA on each agencies role in the upcoming Resilience meetings scheduled in Ohio.	25%
25. Continue to maintain, populate, and enhance the State Hazard Analysis Resource and Planning Portal.	Goal 5, Obj 2	Multi	Ohio EMA Mitigation Branch	C	Current versions of all local hazard mitigation plans are available in SHARPP. Population of local HIRA data is more than 50% complete. The Mitigation Branch will complete the population of project information by January 2013.	60%
26. Add a range of mitigation focused web-based training courses to the State Hazard Analysis Resource and Planning Portal (SHARPP).	Goal 5, Obj 2	Multi	Ohio EMA Mitigation Branch	C	Implementation is scheduled to occur prior to next plan update.	0%
27. Continue to support efforts to comply with the Emergency Management Accreditation Program (EMAP).	Goal 6, Obj 1	Multi	Ohio EMA Mitigation Branch	C	The Mitigation Branch Chief will complete EMAP Assessor Training in April 2012.	10%

Action	Goal / Objective Reference	Hazard	Lead Agency	Priority	Status	Complete
28. Continue participation on emergency management and floodplain association workgroups.	Goal 6, Obj 1	Multi	Ohio EMA Mitigation Branch	C	Mitigation Branch staff participate in multiple associations and work groups.	Ongoing
